Competitions

The WOC Tour consists of 6 separate races, with two overall competitions:

- 3 sprint races, with an overall winner
- 3 forest races, with an overall winner

It is also possible to run individual stages of your own choice, but only through direct entry on the race day.

Terrains

The sprint races are in the same three towns as the WOC2022 competitions.

Two of the forest races are in Frederikshåb Plantation and one in Hylkedal, a forest close to Kolding.

Both forests are less than a half-hour drive from the Event Centre in Kolding.

For small children

WOC Tour offers children's courses starting from the assembly areas. Children's courses are short orienteering courses with different themes and variations. On the forest races the courses will be marked in the terrain, while the races in the cities will be different types of orienteering activities. Children's courses can be attended by children as well as others, who want to try orienteering. Participation is free, pre-registration is not needed and all participating children will receive nice prizes.

Assembly areas

For the sprint races, the arenas will be those used for some of the WOC2022 competitions.

For the forest races, assembly areas will be set up in the terrain with full service, in the form of an Event Office with possibility for direct entry, a kiosk with a wide choice of food and drinks, and toilet facilities.

Entries

Pre-entry can be for all 6 stages together, for the 3 sprint races together or for the 3 forest races together. If you only want to run individual stages of your own choice, pre-entry is not possible. You will then have to register at the Event Office on the assembly area on the day of the race, in one of the Open classes.

Pre-entry opens on 15 October 2021 and ends on 1 June 2022. After 1 June 2022 you will have to run one of the Open classes by direct entry on the individual stages.

The entry fee depends on the date you submit your entry. Please find below an overview of the entry fees - including what you can save by registering early.
