

Event Office

The Event Office opens on the arenas 1 – 1½ hours before the first start. See further details on the individual stages.

The Event Office will also open in the WOC Event Center in Comwell in Kolding on 24. June between 15 – 18. The address is Skovbrynet 1, 6000 Kolding, GPS-coordinates 55.498348, 9.484752 (WGS84 decimal).

The Event Office has the following functions:

- Pick-up of start numbers and SI-rental cards. All runners must wear a start number.
- Direct entries in the Open Classes.
- Receive complaints and protests.
- General information on the event.

Start numbers

All runners must wear a start number. The same start number is used for all stages. If you lose your number a replacement number can be purchased for DKK 20 at the Event Office.

Start numbers shall be picked up at the Event Office. Please arrive at the Event Office well before your first start and pick-up your number.

You can also pick up your start number on 24. June in the WOC Event Center in Comwell in Kolding.

Direct entries

Direct entries are possible at the Event Office on each stage. Here you register, pay, get your number and choose a starting time. It is possible to register for more stages and choose starting times for more stages as well, in one go.

Payments

There are three payment options in the Event Office and in the canteen on the stages in Frederikshåb:

1. Mobilepay. Use 49120.
2. Credit card terminals.
3. Cash.

Cash is rarely used in Denmark. We therefore encourage you not to use cash.

Payment options at other shops and stalls are decided by the respective owners.

Punching system

All controls are equipped with Sport Ident BSF8 units. The units are not prepared for touch-free punching. In case of a malfunctioning unit, manual punching is possible on the race map.

All SI-units have the control number on top of the unit.

It is the runners' own responsibility to have a functioning SI-card and to make sure that the card is cleared and checked before start.

Clear/check units are available at the starts.

Race maps

All race maps are surveyed and prepared in 2022 by GT Maps. All maps are printed on water- and tear resistant paper.

The ISOM 2017 norm is used on the maps for the forest stages and the ISSprOM 2019-2 norm is used for the sprint stages.

Further information on the scale, contour interval, etc. can be found on the individual stages.

Control descriptions

Control descriptions are printed on the front of the maps. Separate control descriptions are available at the start, provided that a suitable device for keeping the control descriptions, is shown.

Starting times for pre-registered runners

Start lists are prepared for all pre-registered runners in all classes, except in classes with difficulty levels Beginner and Easy.

Runners in Open classes can choose another starting time at the Event Office, at their convenience.

Runners in difficulty levels Beginner and Easy use the put-and-run method, where they meet and report at the start, at a time of their convenience.

Starting times by direct entry

Direct entries in Open classes choose a starting time when they register at the Event Office.

Starting procedure

There are 4 boxes at the start.

Box 1 – 4 minutes to start

When your starting time is displayed at the first box, you enter the box. The officials will check that you have entered at the right time.

Box 2 – 3 minutes to start

Separate control descriptions are provided.

Box 3 – 2 minutes to start

The SI-card is checked into a SI-unit.

Classes with difficulty Beginner and Easy have their maps. Start help is provided if needed.

Box 4 – 1 minut to start

You go to the box indicating your class and wait for the starting signal.

When the start watch indicates your starting time you take your map, punch the SI-start unit and your race can begin.

Please be aware, that it is absolutely essential, that you punch the SI-start unit before you start the race.

The start triangle on the maps is indicated by a control in the terrain. This control shall not be punched. In some cases there will be a short, marked route from the start to the start triangle.

Start help and shadowing/following

Start help is offered in classes with difficulty level Beginner and Easy. Shadowing/following is also allowed in these classes.

Late starters

Late starters should report to the officials at the starts.

Finish

When finishing the race, the SI-finish units on the finish line shall be punched.

Following that, you go to the station for downloading the SI-card and you can leave the finishing area.

Race maps shall not be handed in and can be kept when leaving the finishing area.

Maximum time

A maximum time of 2 hours on the forest stages and 50 minutes on the sprint stages, is allowed for completing the courses.

If you cannot complete your course within these time limits, you should abort your run and report in the finishing area.

Refreshments

Refreshments in the form of tap water is offered in the finishing area. It should be mentioned that tap water is safe to drink in Denmark.

Water is served in re-useable cups which should therefore be handed in before leaving the finishing area. Please follow the instructions from the officials.

Water is also available at the starts on the three forest stages, also in re-useable cups.

On the first stage on 25. June in Frederikshåb there are water stations on the longer courses. More information is available on the webpage for the stage.

Warm-up clothing

There is no transportation of warm-up clothing from the starts to the arena.

Results

Results are displayed continuously on the area on screens as well on Liversults. A link to Liversults is available on the website for the individual stages.

Tracking

Your race can be uploaded to O-Track or Livelox.

Links to O-Track and Livelox are provided on the webpage for the individual stages.

Prizes

There are prizes to all overall winners of the three forest races and the three sprint races. In addition there are prizes for overall second and third places in classes for ages 16 and below.

There will be a prize-giving ceremony at the WOC arena in connection with the individual sprint finals in Vejle on 30. June. More information to be provided later.

General rules

All runners are encouraged to behave in such a way that the arenas and the terrains are left with as little a footprint as possible. Help us make it clean and tidy.

Spiked shoes are not allowed on the sprint stages.

Smoking is not allowed.

Dogs are to be kept on a leash.

Judge

Judge will be announced later.

The judge will be consulted if a runner wants to protest against a decision made by the Event Manager, in the event of a complaint. The judge will be called upon by the Event Manager.
